A few items of information for you or your association newsletter:

The Board Corner: Perspectives from Penny – As I write this column, the longest federal shutdown in history, is history! Hundreds of thousands of federal employees across the country, and their families, were, and are, affected, and the overall fiscal damage to communities still is unknown. In Fairfax County, which is home to thousands of career public servants, county programs and non-profit organizations ramped up to provide additional services for federal employees affected by the shutdown.

Furloughed federal workers, who were required to work, could ride the Fairfax Connector buses for free during the length of the shutdown. Passengers simply showed the bus driver a federal identification card with a picture. Residents also contacted the Department of Tax Administration (DTA) to set up payment plans for their personal property tax bills due on **February 15**. State law does not allow for waiver of penalties, so residents are urged to pay as much as they can, and DTA will work with impacted taxpayers to determine the best length of a payment plan. As the shutdown dragged on, the Board of Supervisors discussed adopting a resolution to extend the personal property due date by a reasonable period (not to exceed 90 days). That still may be appropriate, as unpaid federal workers try to re-establish credit and arrangements for missed payments during the shutdown. Simply telling people they are back on the payroll does nothing to remedy the 35 days of everyday living expenses that were missed during the shutdown.

Elsewhere in this newsletter is information about the "Stuff the Bus" campaign to replenish local food pantries with non-perishable food. You can donate on-site at participating grocery stores, or send a monetary donation to various faith and non-profit organizations of your choice. A lot of neighbors need our help; please be as generous as possible.

The revised project plan is expected to be complete by early February 2019, and it incorporates comments received from the public resulting in adjustments to some sidewalk and buffer sections, travel lane and parking lane widths, and removal of two retaining walls to preserve trees. Mason Matters! The Television Show – Most children grow up in loving homes with parents and siblings who pull together to ensure that all family members succeed. Sadly, sometimes the family unit frays, for any number of reasons, and both parents and children are separated, sometimes for a short

time, and sometimes forever. Foster and adoptive parents may be married couples, singles, empty nesters, with biological children of their own, or not. The **February** edition of *Mason Matters!*, the television show that brings you news and information about our Mason District community, hosted by Supervisor Penny Gross, features Kamonya Omatete, program manager of the Department of Family Services' Foster Care and Adoption Program, and Oriane Eriksen, acting division director of the Children, Youth and Families Division in the Department of Family Services. *Mason Matters!* airs on Cable Channel 16 every **Thursday at 7 p.m.**, and every **Friday and Sunday at 6:30 p.m.**, and daily on-line at www.fairfaxcounty.gov/mason.

The Quick 411 – I have a U.S. flag that is faded and tattered. Is there a place to properly dispose of U.S. flags in Fairfax County? Yes. All Fairfax County Police stations accept U.S. flags and they are collected twice a year by Police Honor Guard for proper disposal. Additionally, flag disposal boxes now are located at the I-66 Transfer Station and I-95 Landfill Complex. For hours, directions, and additional information, visit www.fairfaxcounty.gov/news2/where-to-properly-dispose-of-american-flags-in-fairfax-county/. The American Legion also will collect flags and conduct a [Flag Retirement Ceremony](#) at its site.
